Mr. Robert L. McClimon
Bricceton, Iowa

Dear Mr. McClimon:

I regret to report that the roof leaks! It's a very serious leak, too, since it's located just above our fuse box, and the water dripping down is shorting out our lights. We shall appreciated it very much if you can come over the first day it isn't raining or snowing and fix the spot. It appears to be right around the pipe which leads in the wires.

Yours very truly,

Elizabeth B. Hage, Librarian
SCOTT COUNTY LIBRARY
